Hind Polymers

Manufacturer of Heat Shrink Sleeves

Heat Shrink Pouches

Heat shrink pouches (straight cut / profile cut / dome cut / arc cut) fit all shaped products and are optimal when your products are of standard and non standard dimensions. Hind Polymers shrink pouches are specifically shaped to suit your product and are ideal for regular and irregular shaped products that require a tamper seal. We manufacture heat shrink pouches with three sides sealed (only one side open) and are available in square, rectangle, dome, arc or any other special configurations.

Available Gauges

: 20 - 80 Microns

Available Sizes

: 20 - 400 mm Tube

Available by Length

: 100 - 700 mm

Available by Weight

Singles / Cut sleeves - custom length sleeves

Available Colors

: Kgs. / Tonnes

: Transparent / translucent / opaque and all colors

Multi Pack Shrink Sleeves

Multi pack shrink sleeves are used as a high profile promotional tool which helps in increasing the sales of many major brands throughout the FMCG sector. Hind Polymers multi pack shrink sleeves provide the most cost effective solution and also an excellent way to present promotional, combo or multipacks. Products of unique shapes and different sized articles can be bundled together as a single item with seamless sleeve replacing the traditional paperboard trays, gluing, wrapping and banding.
